ABOUT ME

Bilingual Veteran who is a passionate, reliable, and competent professional with valuable experience in client services, teamwork, and an eagerness to learn.

WORK EXPERIENCE

Lead Product Designer - Front End Developer, 2020-2025
Beach Bros Sharing, San Diego, CA

As Lead Product Designer (UI/UX) and Front-End Developer at Beach Bros, I transform coastal vacation experiences through intuitive digital interfaces that connect travelers with their perfect beach getaway. Combining strategic design thinking with hands-on front-end development expertise in React, JavaScript, and CSS frameworks, I've re-imagined our booking platform resulting in a increase in conversion rates and reduced customer support inquiries.

BDC Representative - Internet Sales, 2024-2025
Braman Miami, Miami, FL

As a BDC Representative in Internet Sales, I manage incoming sales calls and Internet leads, guiding customers through the purchase process. I respond promptly to inquiries via phone, email, or in person, answer questions about vehicle availability and performance, and schedule test drives and deliveries. This position requires excellent communication skills, a friendly demeanor, basic computer proficiency, and the ability to thrive in a technology-oriented environment.

Engineering Specialist- Reserves, 2020-2025
United States Army, Fort Lauderdale, FL

Conducted US Army recruiting operations in California. Planned, developed, and implemented training programs by leading individual and collective training. Ensured team, squad, and platoon training was conducted and learned to standard allowing for the greatest opportunity for mission success. Conducted team, squad, and platoon-building functions to establish a healthy working environment. Provided leadership to troops, supporting Platoon Leader and Platoon Sergeant to achieve objectives.

Lead Supervisor - Management, Best 2016-2020
Beverage Catering LLC, San Diego, CA

Lead groups of professionals in providing excellent service during events while implementing CA state rules and standards of practice. Events range from 5k- 125k attendees. Controlled inventory on-site of events and at the company warehouse. Oversaw the accountability of current stock to prevent shortages of inventory. Utilized sales techniques and communication skills to overcome customer indifference and achieve customer expectations
